RESOLUTION

Relative to the resignation of General Louis Wagner as a member of
Common Council.

Whereas, Our fellow-member, General Louis Wagner, has, in consequence of his election to the office of Recorder of Deeds, tendered his resignation as a member of the Common Council of the City of Philadelphia. Therefore be it

Resolved by the said Common Council, That we, the members thereof, testify to our high appreciation of his character for integrity, and to his ability as a legislator, as well as to his efficient services for the past three years as Chairman of the Committee on Finance, in which position he has been greatly instrumental in putting into operation measures which are just bearing fruit in the reduction of our floating debt, and in such a reduction of expenses, that, for the first time in many years, the City's income has exceeded her outgo.

Resolved, That in his withdrawal from this Chamber, we part with one who has proven himself a warm friend and a courteous gentleman, and the citizens of Philadelphia lose the services, in the capacity of a Councilman, of one who has ever faithfully labored for their best interests.

Resolved, That a copy of these resolutions be suitably engrossed, signed by the proper officers, and framed, and presented to General Wagner.

APPENDIX No. 1.

DEPARTMENT OF HIGHWAYS, BRIDGES, AND SEWERS.

Philadelphia, August 22, 1878.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I would respectfully call your attention to the matter of the opening of Vienna street, from Belgrade to Gaul street, at the point where an old and apparently abandoned grave-yard extends some twenty feet over the line of the street. This is a subject which has on several occasions engaged the attention of your honorable bodies, and in regard to which you passed an ordinance (October 12, 1875) directing the Chief Commissioner of Highways to open the street, provided the owners of property in the vicinity became responsible for all damages in excess of \$1,000. A bond was properly filed, and a jury appointed, assessing the damages at a sum less than \$1,000. This report was, on a petition of parties in interest, referred back to the jury. Subsequently, an ordinance passed Councils authorizing the City to enter security in an amount sufficient to cover any damages which might be awarded by the jury. This latter bond has, however, not been entered, the City Solicitor questioning the authority of the City to open a street through a burial ground, it being in violation of an Act of Assembly. As the case is therefore a complicated one, and as it is of vital importance to have this serious nuisance abated, it being not only a serious inconvenience, but prejudicial to the health of the neighborhood, and as delegations of citizens from the vicinity have

called frequently at this Department, praying for relief, and censuring the Chief Commissioner for not opening the street, while he is powerless, as it stands at present, to move in the matter, I would urge upon your honorable bodies to take some immediate action towards overcoming whatever obstacles may be in the way of having the street opened.

Very respectfully,

WILLIAM BALDWIN,
Chief Commissioner of Highways.

APPENDIX No. 2.

HEALTH OFFICE,

Philadelphia, July 25, 1878.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I am directed by the Board of Health to transmit to you the following copy of resolution passed this date.

Respectfully yours, &c.,

WM. P. TROTH,
Chief Clerk.

Resolved, That the open creek lying between the sewer openings at Twenty-sixth and Susquehanna avenue, and Lamb Tavern road and Sixteenth street, which carries off the sewage matter from North Penn Village and vicinity, be, and it is, hereby declared a nuisance prejudicial to public health, and City Councils are respectfully requested to have the said nuisance abated as promptly as possible by constructing a sewer between points above mentioned.

APPENDIX No. 4.

MAYOR'S OFFICE,

Philadelphia, August 22, 1878.

To the Select and Common Councils

of the City of Philadelphia.

GENTLEMEN:—Pursuant to your resolution of request of June 24 last past, touching the cost of putting the Second District Police Station-house in good order and repair, I would state that upon examination the building has been found to be utterly worthless for police purposes.

In my opinion, the most economical mode would be to erect a new station-house on the southern end of the lot which is now owned by the City; the cost not to exceed sixteen thousand (16,000) dollars.

Very respectfully,

W. S. STOKLEY,

Mayor.

APPENDIX No. 21.

MAYOR'S OFFICE,
Philadelphia, October 3, 1878.

To the Common Council
of the City of Philadelphia.

GENTLEMEN:—I herewith return, without my approval, "An Ordinance to approve the contract and sureties of Daniel P. Pettit for the erection of a school-house at the southeast corner of Twelfth and Federal streets, in the Twenty-sixth Ward." Also, "An Ordinance to approve the contract and sureties of Daniel P. Pettit for the erection of a school-house at Broad and Macferran streets, in the Twenty-fifth Ward." Also, "An Ordinance to make an appropriation to the Board of Public Education to pay for building a school-house on the southeast corner of Twelfth and Federal streets, in the Twenty-sixth Ward." And also, "An Ordinance to make an appropriation to the Board of Public Education to pay for building a school-house at the southeast corner of Broad and Macferran streets, in the Twenty-fifth Ward."

The contractor named in these ordinances has heretofore failed to perform work in a satisfactory manner, or according to contracts made with the City, besides neglecting to pay for materials furnished and labor done in the construction of buildings for the City.

For the protection of the City from damage, and those who furnish materials for and labor upon buildings for the corporation, I deem it my duty to withhold my signature in the future from all ordinances approving contracts and sureties where there is the slightest doubt of the entire responsibility of the party or parties contracting.

In the erection of the Police Station-house, in the Fourteenth District, orders have been given by the contractor upon the Department largely in excess of the amount to which he is entitled upon the last payment, as failing to complete the building within the time fixed by his contract,

he has incurred a forfeiture of some nineteen hundred dollars.

As the law will not permit a lien to be filed against municipal property, I would suggest that Councils ordain that hereafter a clause be inserted in all contracts for the erection or repair of buildings, that the Head of the Department under whose supervision the work is done, should withhold the last payment from the contractor until he furnish a release, or some other satisfactory evidence in writing, that all claims for materials furnished or labor performed in the erection or repair of such buildings have been fully paid and satisfied. This would be but a simple act of justice to the material men and workingmen, would insure their payment, and prevent the Department from the annoyance of having bills presented after the contractor has been fully paid.

For the reasons above stated I return the ordinances for the erection of these school-houses without my approval. I also return those making appropriations therefor, as their approval at this time would be premature.

Yours, very respectfully,

W. S. STOKLEY,

Mayor.

RESOLUTION

Of instruction to the Chief Commissioner of Highways, relative to work and materials.

WHEREAS, In the year 1876 over three hundred and ninety-nine thousand (399,000) dollars, and in the year 1877 over six hundred and forty-six thousand (646,000) dollars, were taken from the City Treasury on mandamus executions issued from the various Courts of Common Pleas in this County, for work and materials furnished to the Highway Department of the City of Philadelphia, over, above, and beyond the amount of the annual appropriations in each of the said years respectively asked and made to the said Department; AND WHEREAS, The frequency of these suits, and the constant appearance of the same names as the parties plaintiffs, suggest the existence of some system in the conduct of said Department at variance with the professions of economy and reform so frequently made respecting it; therefore, be it, and it is,

Resolved by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways be, and he is, hereby instructed to furnish these Councils with any information in his possession, or within his control, as to the character and necessity for work and materials, to the extent of one million (1,000,000) dollars, required by the Highway Department, beyond his appropriations in the years 1876 and 1877, and the best means, in his judgment, to protect the City Treasury from like depletions in the future, hitherto unexpected and unprovided for.

To the Select and Common Councils

GENTLEMEN :—The Joint Special Committee appointed to confer with the representatives of fire insurance companies, with the view of making some arrangement with said companies to take charge of the Fire Department of the City, respectfully report that they met a large number of the representatives of the insurance companies, and consulted with them ; and in view of the fact that the insurance companies decline to assume such charge, the Committee report to Councils that it is inexpedient and impracticable to make such arrangement as is contemplated by the resolution authorizing the appointment of the Committee.

APPENDIX No. 36.

HEALTH OFFICE,

Philadelphia, October 8, 1878.

To the Common Council
of the City of Philadelphia.

GENTLEMEN:—I am directed by the Board of Health to transmit to you the following copy of resolutions passed this date.

Respectfully yours, &c.,

WM. P. TROTH,
Chief Clerk.

Resolved, That the Wingohocking creek, from Shoemaker's lane to a point below Church lane, and at Fisher's lane, be, and the same is, hereby declared a nuisance, prejudicial to public health, and that the subject be respectfully referred to the consideration of Councils.

Resolved, That copies of the report of the Assistant Medical Inspector upon the subject be sent to City Councils.

To the Board of Health.

GENTLEMEN:—I have the honor to report that I have made an examination of Wingohocking creek, with the following result:

On Magnolia avenue it receives the drainage from Scatcher's mill. Below this it receives the contents of a culvert, running under Price street, which drains a large area with many privies. At East Chelton avenue much garbage, and a quantity of oyster shells are thrown in it, and also at Armat street.

Below Armat street, Firth's dye-house and many privies add their drainage to contaminate the stream.

Immediately above Willow avenue it receives the contents of a culvert draining Spencer's mill and a large section of Germantown, and this is the source of most of the creek's impurities.

A careful investigation has failed to discover any disease fairly attributable to the creek up to the point at which the large culvert begins at Willow avenue, and it cannot here be called a nuisance. From this point to Shoemaker's lane it is enclosed in a culvert, and at its opening the new Penn street sewer also ends. Here we find disease prevalent which must be attributed to the gases escaping from the creek, now a sewer. Brain fever, dysentery, and febrile attacks are prevalent down to Church lane.

From here to Fisher's lane is a tract of pasture land with no inhabitants. At Fisher's lane are a number of residents, among whom have been lately typhoid fever, dysentery, and erysipelas, especially in the houses nearest the sewer.

Hence, I would respectfully report that Wingohocking creek, from Shoemaker's lane to a point below Church lane, and at Fisher's lane, is a nuisance prejudicial to health.

Very respectfully,

W. F. WAUGH, M. D.,

Assistant Medical Inspector.

APPENDIX No. 37.

HEALTH OFFICE,

Philadelphia, October 8, 1878.

To the Common Council

of the City of Philadelphia.

GENTLEMEN:—I am directed by the Board of Health to transmit to you the following copy of resolution passed this date.

Respectfully yours,

WM. P. TROTH,

Chief Clerk.

Resolved, That the attention of the Select and Common Councils be respectfully called to the unsanitary condition of Cohocksink creek; that copies of the report of the Medical Inspector thereon be sent to both Chambers, and that the Creek be declared a nuisance, prejudicial to public health.

(Copy.)

To the Board of Health.

GENTLEMEN:—I have the honor to submit the following report on the Cohocksink creek:

Many persons have complained of it to me, alleging that it is the cause of a large amount of sickness; while others claim that it is more of an eyesore than a nuisance, and that the tar and lime poured in by the Northern Liberty Gas Works are sufficient to disinfect it. To determine the truth of the matter, I have thought it best to make the following investigation:

Besides the refuse from the gas works, the creek receives the drainage from Warthman's pork house and a number of tanneries and privies. Besides this, it is a general place of deposit for garbage, rubbish, and dead animals; while some of the offal discharged by the Laurel street culvert floats in

with every tide. All these substances are injurious to public health, when exposed in an open sewer.

To determine the effect on the health of the neighborhood, I have taken a census of the district bounded by Front, Laurel, Beach, and Poplar streets, which comprises the inhabited part of the creek's course. The number of inhabitants is 705; the number of deaths during the past year, 15; equivalent to a death rate of $21\frac{2}{7}$ in 1,000.

The same conditions of poverty, impure water, &c., affect the remainder of the Sixteenth Ward, in which Mr. Chambers has kindly ascertained for me that the total number of deaths during the past year was 301. This, in a population of 20,000, equals a death rate of 15 in 1,000.

Thus, in an unhealthy quarter of the City we find the district most directly affected by the Cohocksink creek exceeds the rest of the ward by a death rate of $6\frac{2}{7}$ per 1,000.

Of the 15 deaths, 4 were from consumption, 2 were from typhoid fever, 2 from cholera infantum, 2 from diphtheria, 1 was from brain fever, 1 was from peritonitis, 1 was from drowning, 2 were still-born.

Of these, all but the last four are diseases considered to be due, principally, to bad hygienic influences. Two-fifths of these deaths were due to zymotic diseases; while the proportion of deaths over the whole City last week from this class was but *one-fifth*.

I think from this that it is clear that the creek has an injurious effect upon the health of the neighborhood, and unhesitatingly pronounce it a public nuisance.

Respectfully submitted,

(Signed)

W. F. WAUGH, M. D.,
Assistant Medical Inspector.

WILLIAM BALDWIN, Esq.,
Chief Commissioner of Highways.

DEAR SIR:—We, the undersigned property owners and occupants, doing business on Gothic street, between Front and Second streets, respectfully petition that you take such action in your power, as will result in the repaving of said Gothic street, between Front and Second streets, with Belgian blocks, same as the said street is now paved on the north side of the United States Appraisers' stores, between Second and Exchange place. The present torn up condition of the street between Front and Second, is very detrimental to the business daily transacted thereon, amounting annually to several millions of dollars; the present condition of the street is accounted for from the manner in which it has been paved, namely, partly cobble stones, and partly flag stones, the latter having been in use for so long that they are rounded off on the edges by years of wear. The street itself being exceed-

ingly narrow, it is necessary for the proper conducting of our business that the roadway should be paved for the protection of our teams, and the safe conduct of our business, in the manner herein petitioned.

Yours, very respectfully,

JUSTICE, BATEMAN & CO.,

SAML. C. COOK,

CHR. C. PRICHETT,

PRICHETT, BAUGH & CO.,

APPENDIX No. 54.

DEPARTMENT OF HIGHWAYS, BRIDGES AND SEWERS,

Philadelphia, November 7, 1878.

To the Presidents and Members of

Select and Common Councils.

GENTLEMEN:—The violent storm in the latter part of October completely destroyed a very large portion of the covered bridge over the Schuylkill river at the Falls village, and so injured the entire structure as to necessitate the entire rebuilding of the same; and as its loss is a great source of inconvenience to a large number of our citizens, I would call the attention of your honorable bodies to the subject, and trust that some early provision may be made for its reconstruction.

Very respectfully,

WILLIAM BALDWIN,

Chief Commissioner of Highways.

APPENDIX No. 55.

Philadelphia, October 26, 1878.

To the Select and Common Councils

of the City of Philadelphia.

The Commissioners of Fairmount Park memorialize the Councils of the City of Philadelphia, and state:

That the storm of Tuesday, October 22d, destroyed the superstructure of the bridge across the river Schuylkill at the Falls. This bridge is a great necessity, not only to travel in the Park, but to the public on both sides of the river, and should be speedily replaced.

The bridge was originally built by a private corporation and became the property of the City before the acts establishing Fairmount Park.

Your memorialists recognize that the time has arrived in which your honorable bodies should direct a bridge to be

erected not only for travel incidental to the Park, but with reference to serve the public generally ; but, also, your memorialists will co-operate (if desired) for a suitable bridge at that place, combining utility and ornament.

By order of the Board,

[Attest]

R. W. ROBBINS,

Secretary.

HEALTH OFFICE,

Philadelphia, October 18, 1878.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I am directed by the Board of Health to transmit to you the following copy of resolution passed this date.

Respectfully yours,

WM. P. TROTH,
Chief Clerk.

Resolved, That the collection and removal of kitchen garbage and offal, by unauthorized persons, in leaky and exposed carts and wagons, thereby allowing the liquid contents to fall or spill upon the streets, and the foul odors to escape from the exposed material in said vehicles, is a nuisance prejudicial to public health, and City Councils be earnestly requested to pass the annexed ordinance, regulating the manner by which kitchen garbage and offal is to be removed.

AN ORDINANCE

To regulate the collection and removal of kitchen garbage and offal.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That on and after the first day of January, A. D. 1879, no person or persons shall collect or remove kitchen garbage and offal from any dwelling, hotel, restaurant, or other buildings, or convey the same through any of the streets, lanes, courts, or alleys of the built-up portions of the City of Philadelphia, except the same be collected or removed in water-tight carts, wagons, or other vehicles, and securely covered, so that none of the contents shall fall, leak, or spill therefrom or be exposed to public view, under a penalty of five dollars for each and every offence; said penalty to be recovered in like manner as debts are now by law recoverable before any Alderman or Magistrate of the City of Philadelphia. All ordinances or parts of ordinances inconsistent herewith be, and the same, are hereby repealed.

APPENDIX No. 58.

BOARD OF PUBLIC CHARITIES,

Philadelphia, November 7, 1878.

To the Presidents and Members of Select and

Common Councils of the City of Philadelphia.

GENTLEMEN:—On the 31st ult. a Committee of the Board of Public Charities visited the Insane Department of the Philadelphia Almshouse, and in company with Dr. Richardson, Superintendent of the institution, made a thorough inspection of the premises and the inmates thereof. Despite the dense population, consisting principally of old chronic cases, among which careless and unclean habits largely prevail, the inspection showed a degree of cleanliness and good order which would do credit to any hospital. Out of more than one thousand patients only six were under personal restraint. The attendants are, apparently, patient, kind, and intelligent in the discharge of their difficult duties, and great credit is due Dr. Richardson for the manner in which he has contended with the difficulties of his position.

It is gratifying to be able to bear testimony to the creditable features of the hospital, while, at the same time, we feel it our duty to point out some great faults and defects, which call for the serious consideration of the authorities of Philadelphia, and especially those to whom the appropriation of money to the public institutions is committed. We desire to place the responsibility where it belongs, and to urge the prompt remedy of evils, which so seriously affect a large class of the most helpless dependents upon public charity, and which cannot exist without the gravest injury to the good name of a city, famous throughout the land for its benevolence.

The defects, to which the attention of Councils is especially called, are not within the control of the Guardians of the Poor, but are due to the failure of Councils to provide the necessary means for the proper support of the patients. The Commissioners found, on their recent inspection, two hundred of these unfortunate men and women, barefooted, and learned upon inquiry, that there was no appropriation to meet the cost

of obtaining shoes for them, and to this must be charged the still more serious fact, that the whole supply of food for the inmates of this vast hospital is so meagre as to put it far below the standard of the most parsimonious County Poor-house in the State of Pennsylvania.

The *nominal* diet list is sufficiently impoverished in quantity and quality, but the *actual* daily diet is still lower in character, from sheer failure of means sufficient to purchase supplies.

The Board of Public Charities hesitate to comment upon such painfully unpleasant facts, but it would be derelict to one of its highest duties, if it did not state them, and call your attention to a system of municipal economy which thus results in nakedness and semi-starvation, inflicted upon those who are already bereft of all human comfort, and who are wholly dependent, as a just charge, upon the liberal humanity of the citizens of Philadelphia. This Board, entrusted by the State of Pennsylvania with the duty of the supervision of all the charitable institutions within its boundaries, does but simply discharge its obligations by respectfully urging upon your honorable bodies, the importance of making such appropriations as will remove from the Almshouse of Philadelphia the reproach now resting upon it, by reason of the pitiable condition of its insane and sick poor.

Yours, respectfully,

MAHLON H. DICKINSON,
President of the Board of Public Charities.

APPENDIX No. 59.

MAYOR'S OFFICE,

Philadelphia, November 7th, 1878.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—I herewith transmit a memorial presented to-day by a Committee of Citizens and Tax Payers, calling your attention to the importance and need of a bridge across the river Schuylkill, at Walnut street.

Many very excellent arguments are suggested in this memorial, which should commend it to your most favorable consideration ; among others, that it would bring the Alms-house property into the Market at an enhanced value, would stimulate building improvements in West Philadelphia, thus increasing the taxable valuation of property, and be a great convenience to the travelling public. I may add to these, the fact that the over-crowded condition of the County Prison and Almshouse render it imperative, that at an early date some steps be taken by your bodies for increased accommodation, and this may be availed of by you as a fitting opportunity to dispose of the valuable ground in West Philadelphia, made still more valuable by the erection of a bridge at Walnut street.

The South Street Bridge is admitted to be growing more unfit for use every day, and the question of the construction of a new bridge at that point is now agitating the minds of the people in that locality.

The memorial submitted is signed by many of our leading citizens, and claims your prompt attention.

I am, respectfully,

W. S. STOKLEY,

Mayor.

—

To the Hon. WM. S. STOKLEY,
Mayor of Philadelphia.

SIR :—The subscribers, citizens and tax payers of Philadelphia, respectfully represent, that Walnut street is built up between the Delaware river and Twenty-third street, and nearly so, between Thirty-second and Forty-fourth streets ; that it is graded and paved westerly to Fifty-seventh street, and that public necessity *now* requires the construction of a bridge between Twenty-third and Thirty-second streets, so that Walnut street may be used continuously, and without interference, to and from the river, the wharves, the railroad tracks, or the tunnel of the connecting railroad.

Various plans for a first class iron and stone high bridge, fifty feet (50 feet) in width, have been prepared by eminent

Civil Engineers. Estimates upon the work, required by the various plans, have been carefully and separately made by different prominent and successful bridge builders, showing that such a bridge can be erected within one year, at a contract price of less than \$575,000.

These plans and estimates we are ready to submit to you and the City Councils.

We respectfully ask you to consider several facts and reasons sustaining, as we think, our request, that you will recommend to the City Councils the adoption of such ordinances as will secure the bridge in question.

1. Notwithstanding its insufficient connections with the eastern portion of the City, the population west of the river Schuylkill is more than five times greater than in 1851, when the recent Market Street Bridge was rebuilt. The increase of population from 1860 to 1870 was at the rate of ninety-three per centum, while that of the whole City was only nineteen per centum. The relative gain since 1870 is believed to be much greater.

2. This gain has necessitated the construction of the bridges at Chestnut and Spring Garden streets, and at Girard avenue, which are adequate for a portion of the territory, but do not accommodate the central travel.

3. A bridge at Walnut street will cause a larger degree of growth. Handsome and valuable improvements press on the eastern side almost to the river, and on the completion of this bridge, the march of improvement would begin at its western end. A demand for new buildings near that point would give the unoccupied portions of the Almshouse tract a value for building purposes. It is estimated that this increase alone would amount to more than twice the cost of this bridge. The taxable property of the citizens of West Philadelphia would increase more rapidly than its population.

4. Access to and from the valuable public and private improvements on either side of the river is now unnecessarily delayed and hindered. The University of Pennsylvania, with its scientific, academical, and medical departments, and its great hospital, affords institutions of daily interest to our citizens generally. This bridge, together with Thirty-fourth

street, recently widened and paved, would furnish a safe highway to the Park, and without crossing a steam railroad at grade. The plans provide for no interference with the north and south streets, or the wagon, or railroad travel upon them.

5. The Chestnut Street Bridge is narrow. It is approached at each end by very steep grades. It is often dangerously overcrowded, and, at times, has been almost impassable for foot passengers. Delays are likewise caused to the enormous car, wagon, and carriage traffic daily passing over it.

6. Abundant security will be given for the completion of an iron and stone bridge within one year, for less than \$575,000. We are assured by prominent bankers of this City that they would now take a five per cent. bridge loan, having thirty years to run, free from taxation, at a premium of not less than two per cent. The annual interest would amount to less than \$28,250. It is a reasonable calculation that the completed bridge will be worth yearly more than that sum. Increased assessments have already paid for the Chestnut Street Bridge. It is safe to promise that the increased revenue from taxation will pay for this bridge within five years. Bridges connecting dense populations are always good paying investments for our municipality.

7. Prices for work and materials are very low, and there is a great propriety in furnishing employment upon this useful enterprise to numbers of our mechanics and laborers, at the present time. The iron and stone to be used in the bridge, can be obtained in our City and its vicinity.

We leave the subject with you, the intelligent and public spirited head of our municipality, and ask you to present the question to Councils at an early day.

HON. WM. S. STOKLEY,

Mayor of the City of Philadelphia.

I am informed that a memorial will be presented to you advocating the erection of a bridge over the river Schuylkill at Walnut street. I regard a bridge at that point as an essential improvement, demanded by the wants of the citizens on both sides of the river.

I hope that our City authorities will give the subject favorable and early consideration.

Very respectfully, yours,

JOHN WELSH.

Philadelphia, October 30, 1878.

Since the signing of the foregoing petitions, plans and estimates have been submitted by several competent and well recognized bridge builders for a first-class iron and stone bridge, fifty feet in width, to cost less than \$500,000.

APPENDIX No. 71.

Philadelphia, November 6, 1878.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—Your Committee on Surveys and Regulations, to whom was referred the accompanying ordinance to prepare plans of the topography of a part of the Twenty-sixth Ward, beg leave to report, that the streets in this territory should be laid out, and the grades fixed at an early day, particularly on account of the great difficulty of providing proper drainage in so considerable an extent of territory, which now lies below the high tides kept out by the meadow banks. The

passage of the accompanying ordinance is therefore recommended.

APPENDIX No. 72.

Philadelphia, November 6, 1878.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the accompanying "Ordinance to make duplicate plans Nos. 123, 124, 126, 128, and 173, and to revise the lines and grades of streets upon the same," beg leave to report, that the old plans of this portion of the Twenty-eighth Ward have been intersected by railroads and contiguous streets, and in consequence of changes along the cemeteries and park as well as from the blocks having been cut up and intermediate streets built up in great numbers, these plans cannot be relied upon. It seems quite necessary that all of these new conditions should be carefully compiled

and made consistent with each other on new and perfect plans, and we respectfully recommend the passage of the ordinance herewith returned.

APPENDIX No. 73.

Philadelphia, November 6, 1878.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the accompanying ordinances to revise lines and grades on public plan No. 143, lying northward from Market street, between Fifty-fourth and Sixty-fifth streets, and public plan No. 161, lying northward from Haverford street, between Fifty-sixth and Sixty-sixth streets, beg leave to report, that there is great irregularity in the surface covered by these plans, part of the territory being

in the high hills east of Haddington village, and part on the low land, in both of which many houses have been built near the natural surface. It will be a very great damage to many of the houses to have the original grades carried out, and as the difficulty will be increased by delay, the adoption of the accompanying ordinances is recommended.

APPENDIX No. 77.

DEPARTMENT OF CITY CONTROLLER,

Philadelphia, November 18, 1878.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—In compliance with the requirements of law, I herewith submit the annual statement, containing the estimated appropriations and revenues of the departments, from November 1st, 1878, to December 31st, 1879 (fourteen months,) with calculations for tax-rate based on the return of the Board of Revision for the year 1879.

By reference thereto, it will be found that I have made provision for three six months interest payments on funded debt, and five quarterly payments to the sinking fund.

An allowance of 20 per cent. for taxes of 1879 uncollected—in 1879—has been made in estimating tax rates.

No provision has been made for the Public Buildings Commission in any of the tax-rates presented, as no return has been made to this department of the amount required.

Assuming the estimates received from the department to be correct, a tax-rate of \$4.30 will pay current expenses of 1879, and all outstanding warrants.

A tax-rate of \$2.70 will pay current expenses of 1879, and outstanding warrants prior to January 1st, 1878.

A tax-rate of \$1.78 will pay current expenses of 1879, excluding any provision for outstanding warrants.

Very respectfully submitted,

ROBT. E. PATTISON,

City Controller.

P. S.—Since the above communication was written, the annex letter from the Building Commission was received.

APPENDIX No. 78.

Philadelphia, November 16, 1878.

ROBERT E. PATTISON, Esq.,

City Controller.

DEAR SIR:—Respectfully referring to the communication of the Commissioners in response to calls for estimates in former years for their general views, which remain unchanged, I have, on their behalf, to say in reply to your request of the present year that the probable amount which will be needed to be appropriated for use during the year 1878, to carry on the erection of the New Public Buildings, is estimated at one million two hundred and sixty-five thousand dollars (\$1,265,000). The only revenue which may be expected, is from the rental of the fence, \$500.

It is hardly possible, at this early date, to reply with accuracy and in detail to the other matters referred to in your communication; but the above sum is intended to include the total appropriation which will be required; but does not contemplate any expenditures for fitting up portions of the Buildings for occupancy prior to their final completion.

Respectfully,

Signed,

SAMUEL C. PERKINS,

President of Commission.

Philadelphia, November 18, 1878.

To the Committee on Finance.

The Sub-Committee, to whom was referred “An Ordinance to authorize certain transfers in the annual appropriation to the Law Department for the year 1878,” have considered the same. They annex hereto a letter from the City Solicitor, which fully explains the necessity of the proposed transfers, and they therefore recommend that the ordinance be reported to Councils with a favorable recommendation.

JOHN A. CLARK,
Chairman.

LAW DEPARTMENT,

Philadelphia, November 9, 1878.

JOHN A. CLARK, Esq.,

Chairman Sub-Committee of Committee on Finance:

DEAR SIR:—In regard to the question referred to your Committee, as to whether certain transfers shall be made in

the annual appropriation to the Law Department for the year 1878, I desire to submit the following considerations :

First. As to the transfer of \$300 to Item 2, Prothonotary's costs.

After payment of the last bill presented, which was in full to October 30, 1878, balance remaining to the credit of this Item is \$4.08. The Prothonotary's bills will not average less than \$150 per month, making the sum necessary to meet expenses of November and December, 1878, at least \$300.

These expenses are necessary, and the amount of them is practically beyond the control of our department. Claims returned from other departments for municipal work must be filed, or they cannot be collected; claims already filed must be revived, or the liens will expire, and the claims be lost; claims, when paid, must be satisfied of record, otherwise payment may rightfully be refused. These imperative duties involve costs to the Prothonotary, for which he renders us a monthly bill; and on failure of payment, it would be perfectly lawful and proper for him to refuse to file our liens, &c., and so clog the wheels of business, and entail the loss of thousands to the City Treasury.

The sole basis on which to estimate the amount of work that is likely to be done in any coming year is, that so much work actually was done the preceding year, which makes it probable that the same amount will continue to be done; and it is impossible to fix the actual amount that will be required for an entire year with any degree of definiteness.

Second. As to the transfer of \$100 to Item 4, printing and stationery.

This item is entirely exhausted; a special appropriation made June 21, 1878, of \$500, has a balance remaining of \$66.13. The exhaustion of this item was chiefly occasioned by the Kensington and Oxford Turnpike complications. Under the direction of the Court, we were compelled to print many copies of the entire record, which made a volume of several hundred pages. This was an unlooked-for and altogether exceptional case. We are now in need of money for the printing of paper books to be used in the argument of appeal cases before the Supreme Court this Winter; without

the paper books, which the rules of that tribunal require to be printed, the cases cannot be argued, and the City will, perforce, lose her appeals without a hearing.

Thirdly. As to the transfer of \$200 to Item 11, "Experts and Witness fees."

The amount of this appropriation was originally only \$600, and it was exhausted in the first six months of the year, the balance remaining to the credit of this Item on July 1 being \$2.99. A special appropriation of \$1,000 was made in June, 1878, to provide for the payment of the experts and witnesses who were to testify in the case of *Malone vs. City*, and was wholly expended for that purpose.

The amount asked for is needed to procure the attendance of witnesses in court, and also, especially before road juries. For want of money to pay first-class witnesses for their services, we have been compelled to rely on such testimony as we could get, frequently without paying anything at all for it. Thousands of dollars might often be saved to the City, in the matter of road damages, by the expenditure of a few hundreds, while the matters are pending before the juries, in procuring competent testimony as to the value of the land taken and the character and amount of injury inflicted upon the property. But men of experience cannot afford to leave their business, and make examinations at localities frequently miles distant from their offices, and then spend whole afternoons in testifying in regard thereto, without being properly compensated for their loss of time and trouble.

About forty road juries have held meetings during the past year at the Law Department, making an average of \$15 available for each jury, a sum utterly inadequate to procure the testimony so much needed for the proper defense of the City in these cases.

Fourthly. As to the transfer of \$150 to Item 7. Miscellaneous Expenses.

Notwithstanding a rigid economy, exercised in regard to miscellaneous expenditures, this Item is nearly exhausted. This is chiefly due to expenses incurred in removing from the former location on Fifth street, and in fitting and furnishing the new offices. About one hundred dollars of the amount asked for is already due to various small creditors, and the

balance will be needed to meet such expenses as will necessarily arise in the course of our business during the remainder of the year.

Yours truly,

WM. NELSON WEST,
City Solicitor.

AN ORDINANCE

To authorize certain transfers in the annual appropriation to the Law Department for the year 1878.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the City Controller be, and he is, hereby directed to make the following transfers in the annual appropriation to the Law Department for the year 1878, viz.: from Item 8, for advertising and posting notices of plans of survey, the sum of four hundred and fifty (450) dollars to the following items; to Item 4, for blank books, stationery, paper-books, and blanks, the sum of one hundred (100) dollars; to Item 7, for miscellaneous expenses, the sum of one hundred and fifty (150) dollars; to Item 11, for experts and witness fees, the sum of two hundred (200) dollars; also, from Item 8, for advertising and posting notices of plans of survey, the sum of two hundred (200) dollars; and from Item 12, for plans for the opening of streets and service of notice of assessments on property owners, the sum of one hundred (100) dollars; to Item 2, for Prothonotary costs, the sum of three hundred (300) dollars.

APPENDIX No. 96.

Philadelphia, November 21, 1878.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance respectfully report that they have considered a communication from the City Controller and a statement prepared by him for the Finance Committee, of assets and estimated liabilities of the City, together with the amount of taxable property, and certain calculations of rates, and respectfully report that the assessed valuation returned for taxable purposes for 1879, is \$534,609,864, being \$52,378,233 less than for the year 1878. The Committee have fixed the rate at \$2.15, which will produce the sum of \$11,058,930.30, as follows:

Full.....	\$481,533,599 00	\$2.15	\$10,352,972 37
Suburban	34,922,025 00	1.43½	501,552 35
Farm.....	18,084,240 00	1.07½	194,405 58
Totals	\$534,609,864 00	\$11,058,930 30

If 20 per cent. be deducted from the above as an allowance for uncollected taxes, in 1879, the net amount will be \$8,847,144.25; deduct the amount to Twenty-second and Twenty-third Wards, poor, \$27,607.56, leaves \$3,819,536.69. The estimated liabilities, as per statement, are \$27,042,362.66, deduct the amount of outstanding warrants, \$9,293,437 therefrom, leaves \$17,748,925.66. The amount of assets, exclusive of amount to be raised by taxation, is \$8,621,023.69, which added to amount produced by \$2.15 rate, will realize \$17,440,560.38, being \$308,365.28 less than the amount required to pay the estimated liabilities exclusive of what will be required to pay outstanding warrants and what will be required for the Public Buildings Commission. If the \$1,500,000, estimated amount of warrants that may be drawn

prior to January 1, 1879, be deducted from liabilities, it will leave a surplus of \$1,191,634.72 for the use of the Building Commission for extra appropriations which this year amount to \$218,587.19, and for other contingent expenses. If the \$1,500,000 warrants to be drawn prior to January 1, 1879, are to be deducted, they will necessarily be added to the amount of outstanding warrants January 1, 1879, which will make the amount then \$10,793,437, being \$681,901 less than at January 1, 1878. Now deduct the deficit of \$308,365.28, mentioned above, from the \$681,901 will leave \$373,535.72 balance without increasing the floating debt beyond what it was January 1, 1878, without providing anything for new Public Buildings or extra appropriations. The Committee submit the annexed ordinance to levy and fix the rate of taxes for the year 1879, and recommend its passage.

GENTLEMEN:—The Committee on Finance respectfully report that they have considered the petition of Mr. Galbraith for damages to his property in consequence of an overflow, the result of an imperfectly constructed sewer, and for the reasons contained in the report of the Sub-Committee, hereto

appended, report the petition back with a negative recommendation, and request the passage of the annexed resolution.

Philadelphia, November 21, 1878.

To the Committee on Finance.

GENTLEMEN:—The sub-committee, to whom was referred the petition of William Galbraith, for damages caused by overflow, have considered the same. They find that the damage complained of was occasioned by the peculiar location of the property of the petitioner at the northeast corner of Thirty-ninth and Haverford streets. At this point these streets form a dish into which the water pours, in heavy storms, from all directions. The sewers constructed by the City at such times seemed to be inadequate to carry off the surface drainage with sufficient rapidity. For this defect the City of Philadelphia is not liable. In the case of *Carr vs. The Northern Liberties*, 35 Pennsylvania State Reports, 324, the Supreme Court held that "An action will not lie against a municipal corporation for neglecting to construct a proper system of drainage, in consequence of which a citizen's store was overflowed from an extraordinary fall of rain, and a stock of goods therein was damaged." They therefore recommend that the petition be reported to Council with a negative recommendation, and that the Committee be discharged from the further consideration of the subject.

JOHN A. CLARK, *Ch'n*, S. DAVIS PAGE.

RESOLUTION

To discharge the Committee on Finance from the consideration of the petition of William Galbraith for damages.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Committee on Finance be dis-

charged from the further consideration of the petition of William Galbraith for damages to his property in consequence of an overflow, the result of an imperfectly constructed sewer.

APPENDIX N^o. 111.*Philadelphia, November 20, 1878.*

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—Your Committee on Surveys and Regulations, to whom was referred the accompanying ordinance to authorize the re-arrangement of the lines of Thirtieth or Bridgewater street, from Chestnut to Market street, report that, after due examination, we find that Thirtieth street, south of Market street, is laid down on the plans of the City with a width of sixty feet, while north of Market street it has a width of eighty feet. The Park Commissioners, in selecting an approach to the West Park to accommodate residents of the lower section of the City, have decided upon Thirtieth street as such, on account of its presenting no obstacles in the way of grade crossings of steam railroads, and its being the most direct route; they are now constructing a new drive upon the west bank of the river, from Fairmount Bridge to Girard Avenue. When their plans are carried out, it will be necessary to widen that portion lying between Chestnut and Market streets, in order to provide for the consequent increased travel, the present width being sufficient only to accommodate the requirements for business purposes. It is designed to widen upon the easterly side of the street where no buildings of value are *now* built, so that the probable expense for damages will not be a barrier to its future opening, when required. We therefore deem it advisable, in advance of any improvements being erected upon the easterly line of said street, to provide for the necessities of the public travel, both for business and pleasure, and respectfully ask the adoption of this ordinance herewith.

Philadelphia, November 20, 1878.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—Your Committee on Surveys and Regulations, to whom was referred the accompanying resolution to authorize the construction of a bridge over Gunner's run, at Delaware avenue, report that no part of Delaware avenue has been opened at that point, but we presume that Beach street was intended by the resolution.

An appropriation of \$30,000 was made for this purpose in the annual appropriation for 1877 (Ordinances of 1877, p. 364); with the proviso that the street should be first dedicated. That said dedication having never been made, it was reported to Councils by the Chief Engineer and Surveyor October 11, 1877 (see Common Council Journal, Vol. II., 1877, Appendix, page 22).

Since that time the Delaware Avenue Railroad Company have obtained authority to cross the stream at this point, and they have reported that they require a draw bridge of greater

strength and cost, but they have not built any part of the bridge up to this time.

As it is a matter of appropriation of money, your Committee recommend its reference to the Finance Committee.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Committee on Improvement of the Navigation of the Delaware and Schuylkill rivers be, and they are, hereby requested to inquire into the advisability of abolishing the Board of Port Wardens, and to report to Councils at their next stated meeting.

APPENDIX No. 115.

OFFICE OF CHIEF ENGINEER AND SURVEYOR,

Philadelphia, November 21, 1878.

JOSEPH L. CAVEN, Esq.,

President of Common Council.

DEAR SIR:—As instructed by joint resolution of Councils to prepare plans and estimates for a wooden truss bridge, and also for an iron bridge over the river Schuylkill to take the place of the Falls bridge, recently partly destroyed, I have had complete surveys and plans of the piers and abutments made with soundings of the river.

The estimated cost of rebuilding the bridge of wood with outside side-walks, is \$17,000, and of iron, of the same width, is \$38,700.

The old bridge is a through bridge with room for only two lines of travel, but this is all the capacity that the masonry will allow without new abutments.

I have also made a general plan and estimate for a deck bridge of iron of double the width; that is, with 34 feet of roadway, sufficient for four lines of travel, and side-walks on each side, making a total width of fifty feet at a point a quarter of a mile up stream, where the width of the river is 400 feet,—200 feet less than the Falls bridge.

The bottom of river and abutment sites being of natural rock, the estimated cost of an iron bridge and stone abutments with approaches, is \$100,000.

The width of the Park at the bridge approaches affords sufficient room to turn into the Park drives without the confusion to travel and danger to life which is now experienced.

On account of the great elevation of the hills on the west side of the Schuylkill river and their close proximity to it, this site appears to be the only practicable one which can be reached from the west by easy grades and with a safe crossing of the Reading Railroad, because of the deep ravine at "Robert's Hollow" furnishing a natural depression to pass under the railroad at so great a distance from Chamouny and the Boundary avenue in Simpson's valley, as gives a gradient from the river of only five feet per hundred for a quarter of a mile, and from there the whole distance to Belmont avenue and George's hill can be travelled at the re-

markably light grade of only two feet per hundred. This is in striking contrast with the grade of the old Falls road, which is fifteen feet per hundred, descending in full view of the railroad, which makes the drive so dangerous that within the last few years it has generally been avoided.

An examination of the ground makes it evident that the future development of this section of the City, and the accessibility of Chamouny and the West Park from the Wissahickon and Germantown, will depend greatly on the opening of this route.

The great demand of the present, which is so universally felt, for a safer and easier communication between the sections on opposite sides of the river in this vicinity, makes it desirable that the above facts should be brought to the attention of your honorable bodies.

Respectfully submitted,
SAM'L L. SMEDLEY,
Chief Engineer and Surveyor.

RESOLUTION

Of request to the "Joint Special Committee of Select and Common Councils, appointed to urge upon the Legislature of Pennsylvania the abolition of the Public Buildings Commission."

Whereas, The Joint Special Committee of Select and Common Councils appointed to visit Harrisburg, and urge the abolition of the Public Buildings Commission, were unable so to do at the last session of the Legislature, owing to its adjournment, before the provisions of Article 3, Section 8, of the Constitution could be complied with.

Resolved by Common Council of the City of Philadelphia, That the Chairman of the Joint Special Committee be requested to advertise according to said article of the Constitution and manner provided by law, (for the repeal of local or special bills), so that the Committee can appear before, and ask the Legislature to take immediate action in repealing the Act of August 5th, 1870, creating the "Public Building Commission."

DEPARTMENT OF RECEIVER OF TAXES.

Philadelphia, November 27, 1878.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I have the honor to submit the accompanying communication from the Overseers of the Poor of Roxborough, for your consideration. I have also appended a copy of the Act of the Legislature to which they refer.

Very respectfully,

ALBERT C. ROBERTS,
Receiver of Taxes.

Roxborough, November 21, 1878.

HON. A. C. ROBERTS,
Receiver of Taxes.

SIR:—By direction of the Overseers of the Poor of Roxborough, I am directed to communicate the following, viz :

At the last session of the Legislature the Overseers of the Poor of Roxborough had an Act passed, authorizing and empowering the Receiver of Taxes, of the City of Philadelphia, to receive the poor tax, assessed for the support of the poor, of the late township of Roxborough, Twenty-first Ward, and directing how the same shall be paid.

A certified copy of said Act has been deposited with the Board of Revision of Taxes.

At this time it will be impossible to arrive at the amount to be received for the support of our poor, but the amount of assessment for the year 1878 can be taken as a basis, said amount being \$3,635.75; whilst the Act provides for the Poor District in the Twenty-first Ward, I would respectfully state that that portion of the Twenty-eighth Ward, bounding on the east side of School lane, west side of Queen street, and south side of Township line, are also in our district. I would

respectfully suggest, that as provided for in Section 3 of said Act, which fully and at large appears, that you set apart the sum of \$4,000 for our use; should all of said amount *not* be needed, the balance could merge into the City Treasury; all that we would desire would be that a sufficient sum to cover our amount should be set forth.

Very respectfully,

D. W. BUSSINGER,
Secretary of Board.

AN ACT

To authorize and empower the Receiver of Taxes of the City of Philadelphia, to collect and receive the poor tax, assessed for the support of the poor of the late township of Roxborough, in the Twenty-first Ward of the City of Philadelphia, and directing how the same shall be paid.

SECTION 1. *Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same,* That it shall be the duty of the Board of Revision of Taxes for the City and County of Philadelphia, in preparing the original duplicates and triplicates of properties to be taxed in the said township of Roxborough, to include the said poor tax upon the properties in the said township of Roxborough, and the rated said tax shall be the same as that assessed by the said City of Philadelphia for the support and maintenance of the poor of said city.

SECT. 2. That the Receiver of Taxes of the City and County of Philadelphia be, and he is, hereby authorized and directed to collect the poor tax, assessed for the support of the poor of the late township of Roxborough, and to pay over the same in such manner as is hereinafter provided. It shall be the duty of the said Receiver of Taxes of said city, in preparing his blanks for receipts of City and State taxes, paid on all properties in Roxborough, to incorporate the said poor tax in said bills.

SECT. 3. It shall be the duty of the Councils of the City of Philadelphia annually, at such time as they may consider the appropriation to the Receiver of Taxes of the said City and County of Philadelphia, to apply and set forth under an item a sum sufficient to refund to the said managers for the relief and employment of the poor of the township of Roxborough, in the county of Philadelphia, the actual amount received by the said Receiver of Taxes in each year, and, also, any sums which may be collected by any collector of delinquent taxes. It shall also be the duty of the collector of delinquent taxes to furnish, at least once a year, to the Receiver of Taxes the amount received by him as collector of delinquent taxes.

SECT. 4. It shall be the duty of the said Receiver of Taxes of the said City of Philadelphia, upon a proper certificate being furnished to him by the managers for the relief and employment of the poor of the township of Roxborough, to draw a warrant in their favor upon the City Treasurer for the amount of poor tax, which may have been paid to him as aforesaid, and including the amount which may have been collected by the collector of delinquent taxes.

of the City of Philadelphia.

GENTLEMEN:—I beg to call your attention to the Sinking Fund, provided by law for the redemption of the loans of the City of Philadelphia as they respectively mature. The Act of February, 1854, consolidating the City, recognizes and requires that a Sinking Fund shall be established for the redemption and payment of each loan, and the ordinances enacted to carry out these directions of the Consolidation Act, have provided that out of the annual tax levy there shall be put aside, periodically, a sum for the Sinking Fund which is to be invested in the loans of the City of Philadelphia, and to be held by the Commissioners of the Sinking Fund as other owners hold loans, receiving the regular payments of interest, and the accumulations are, from time to time, in like manner, invested. It is directed that a sum shall be paid to suffice for its compoundings and accumulations to redeem the loan in thirty years; but experience has shown that this direction has been, from time to time, disregarded, and that the present value of the loans and their rapidly increasing price make a much larger reservation

necessary to fulfil such a purpose. It was, undoubtedly, the original intention of the law makers that each fund should have its particular separate Sinking Fund to consist of loans of its own issue, so that if the sums accumulated realized expectations the loan would be self redeemed in the hands of the Commissioners of the Sinking Fund; this, however, has never been done, and the loans have heretofore been bought indiscriminately, all being of like value, because the amount maturing was always far less than the Sinking Fund, by an exchange or sale of its loans, could pay. It has for some time past occurred to me that the City Sinking Fund is larger than occasion calls for, and it inflicts upon the tax payers a greater burden than they should, at this time, be called upon to bear. The amount of City loan, now in Sinking Fund, is upwards of thirteen millions dollars, and its annual interest, paid by the City out of taxes, is nearly \$800,000; the whole amount of loans, maturing in the next two years, excluding the amount held in the Sinking Fund, is but two hundred thousand dollars, and when it is borne in mind that the other cash assets of the Sinking Fund (awaiting investment which had been delayed because of the high price of City loan), as well as proceeds of property about to be sold, and of the sale of the City stock in the North Pennsylvania Railroad Company, which is to be paid for at its full par value in the loan of the City, at like price or par, and stock on hand in other Companies, which now are worth a large sum with a fair promise of augmented value, all of which belong to the Sinking Fund, are available for the purposes of redemption or payment of any maturing loan. I firmly believe that any further increase upon the loans, now held by the Sinking Fund, may be well discontinued, and our citizens be relieved from the taxation requisite to pay the annual interest of eight hundred thousand dollars. I, accordingly, recommend that you will, without delay and during the present year, enact the necessary legislation, by ordinance, directing the Commissioners of the Sinking Fund promptly to cancel the certificates of loan of the City of Philadelphia, now held by them, and thus reduce the City's indebtedness by the amount so cancelled; if done during 1878, the sum of eight hundred thousand dollars will be at once saved to the City. The Sinking Fund, as now constituted by law and ordinance, fails

entirely of its purpose to redeem the loan in thirty years ; under the most favorable circumstances it requires a closer connection between receipts of interest and investments than is practicable, to accomplish fully its object, and this, too, when the loan can be purchased at par ; but at this time, when the loan commands a premium of eighteen per centum, the end of thirty years would leave one third unprovided for, if even the loan did not advance in price, though everything around us shows that the rate of interest for money has been permanently reduced, and that the City loans will always command a premium, even when at a diminished rate of interest, while she continues, as I trust she will ever do, her present punctuality in meeting her bonded and other engagements. Besides it cannot be doubted that any effort to convert the cash assets of the Sinking Fund, now more than a half a million of dollars, into the City's loan would be a difficult task, while the attempt would greatly advance the rate of premium. The action necessary (in my opinion) to be now taken is to require the cancellation of the loan of the City of Philadelphia, now owned by the Sinking Fund to the amount of thirteen million one hundred and sixty-four thousand seven hundred and sixty-five dollars and fifty-eight cents, and to reduce the appropriations for the next year's interest and Sinking Fund accordingly, leaving the execution of the law just as it now stands, in providing for the further annual payments to the Sinking Fund with a view to accumulation as heretofore.

The best interests of the City and of the citizens and of the loan holders in increasing values of property by reducing taxes, appear to demand this.

I herewith transmit a form of ordinance, entitled "An Ordinance requiring the cancellation of the loans now held by the Commissioners of the Sinking Fund," with a view to carry into effect the suggestions above expressed, and I earnestly recommend its immediate passage.

Respectfully,

WILLIAM S. STOKLEY,

Mayor of Philadelphia.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Chief Commissioner of Highways is hereby authorized and directed to enter into contracts with competent mechanics for the extension of Honey Run sewer, across Penn street, in the Twenty-second Ward.

SECT. 2. That it shall be the duty of the Chief Engineer and Surveyor to prepare plans and specifications for said sewer, and that the contract entered into for the construction thereof shall be in accordance with such plans and specifications.

SECT. 3. That before entering into the said contract the Chief Commissioner of Highways shall cause advertisements to be made for sealed proposals for the construction of the sewer at a specified sum per lineal foot. The total cost of said sewer shall not exceed the estimates of the Chief Engineer and Surveyor for the work to be done, and no contract thereof shall be binding on the City of Philadelphia until the same shall have been approved by these Councils.

SECT. 4. That no proposal for the construction of the said sewer shall be considered by the said Chief Commissioner of Highways unless accompanied by an engagement in writing from two or more sufficient sureties guaranteeing the faithful execution of the contract in case such proposal be accepted.

SECT. 5. That as the completion of the said sewer shall progress there shall be assessed and charged upon the properties in front of which the same shall be completed, the sum of one dollar and fifty cents for each lineal foot of the front of the said properties.

SECT. 6. That it shall be a condition of said contract that the contractor shall accept the sums so assessed and charged under the foregoing section of this ordinance, in part payment of his contract price, and that he shall collect the same at his own cost; and the better to enable him to do so, he may use the name of the City of Philadelphia, and employ all legal remedies or proceedings, whether of lien or otherwise, to which the said City may be competent.

APPENDIX No. 151.

Philadelphia, November 27, 1878.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the accompanying report and ordinances contained in Appendix No. 73, report that under the present law damages are recovered for cutting down and filling up according to first established plans. Where such claims will be made, or what they may amount to, there is no means of determining.

In these cases many houses have been built, and improvements have been made, without conforming to grades, and houses have passed into other hands, who will suffer by such filling and cutting. In order to relieve these the revision is proposed, which it is believed will greatly reduce claims for damage.

As a proviso as to cost for damage would jeopardize the legality of the plan where no security could practically be obtained, and thus make the work unavailable; we recommend the passage of the ordinance as previously reported, and that the two be consolidated into one by inserting in the ordinance relative to No. 143, the words, "and Plan No. 161," and also that "the cost of surveys be limited to \$1,400."

AN ORDINANCE

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Surveys be, and is, hereby authorized to prepare plans in duplicate of a revision of grades upon Plan No. 143, and of a revision of lines and grades upon Plan No. 161, on file in the said Department. *Provided*, That the cost of such plans shall not exceed fourteen hundred (1,400) dollars.

of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the accompanying report and ordinance contained in Appendix No. 72, report that there is a proviso in the ordinance to keep the City clear from any claims for land damages. of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the accompanying report and ordinance contained in Appendix No. 71, report that the preparation of plans of this territory, between Reed and Curtin streets and Broad street and Schuylkill river, was authorized by ordinance October 30, 1874. That the accompanying ordinance is to provide for a topographical map of the levels, which does not entail any land damages, but assists in making the grades so that they can be carried out more economically. The territory embraces nine hundred acres, and as the price of one dollar and a-half per acre is limited by law, there is no necessity for a proviso limiting cost for work or land damages. We therefore report the ordinance back and offer the following:

To the Select and Common Councils

Philadelphia, December 3, 1878.

The Finance Committee of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—Your Sub-committee, to whom was referred an ordinance to systematize and arrange a better mode of keeping the accounts in the several Departments of the City of Philadelphia, would respectfully report that they have given the same their careful consideration, have consulted the heads of the various Departments in reference thereto, and do recommend that it be reported back to Councils with the favorable recommendation of the general Committee. They base their report on the following facts: The ordinance as reported is substantially the same that won for Controller Hancock or some one in his office, a prize of \$500 for the best system that could be produced for the keeping of the accounts in the various Departments. It was adopted by a

special Committee on Retrenchment and Reform, composed of the ablest men in both Chambers ten years ago, and most of its provisions have been either voluntarily or by individual ordinances adopted in many of the Departments. The necessity of having all receipts and disbursements of the City's money, claims of or liabilities to the City, and condition of contracts on behalf of the City, directly under the eye of the officer selected by the people, for the very purpose of supervising the accounts of the various City officials and employees, thus would seem to be appreciated and recognized, and to be of so great value to the City as to imperatively demand that such a system should be adopted, as would make it obligatory upon all the Departments to make constant reports to the City Controller of all such matters. The ordinance annexed seems to meet the desired object, and can be carried out in all its provisions with but little change and difficulty in any Department.

S. DAVIS PAGE, *Ch'n*,

F. K. WOMRATH,

WM. S. REYBURN.

JOHN HUNTER,

GEO. S. GRAHAM,

He shall also make out and return to the City Controller a correct and detailed

statement of all taxes, and their kind, overdue and unpaid on the 26th day of January, 1879, with the names of the parties owing the same, in a book provided for that purpose, and note thereon all credits, with the date of payment, the amount of costs and interest received on each separately; and monthly thereafter, on the first Monday in each month, make specific returns, stating the name of the person, page of the register, amount received, with the costs, interest and charges paid each separately, which shall be signed and affirmed or sworn to by him, and shall annually make a duplicate copy of all registered taxes, and deliver the same to the City Controller on or before the first day of February in each year.

The Commissioner of Markets and City Property shall prepare, in books provided for that purpose, a duplicate copy of the market rents by sections, with the number of the section and each stall or stand therein, and the amount of the annual rent thereof, of each wharf and landing, with the name of the tenant, and amount of rental, with the terms of lease; also, a correct copy of the rentals of city property, with the location, name of each tenant and terms of lease, and deliver the same to the City Controller on or before the first day of January, 1879; and shall thereafter, on the first Monday of each month, deliver to the City Controller a certified schedule of all amounts received during the month, stating the number of the section and stall or stand and tenant, the name of the wharf or landing and lessee, and the location and name of tenant of city property.

The Board of Revision of Taxes shall have prepared triplicate copies of the assessment of taxes in each ward, and deliver the same to the City Controller at the same time that the duplicates are given to the Receiver of Taxes, and they shall also deliver monthly, on the first Monday in each month, to the City Controller, a certified schedule of the allowances made to each person, separately stated, with his or her name, location of property, and page of the duplicate; also, a correct account of all the divisions of properties made during each month.

The Survey Department shall return to the City Controller, on the first Monday in each month, a certified schedule of the assessments for water pipe, in numerical order, with the names of the persons chargeable with the same, and the

amounts thereof; said schedule or a duplicate thereof shall be attested with the signature of the Registrar of the Water Department that he has received the same for collection.

The Water Department shall have prepared a duplicate of the water assessments by wards, and deliver the same to the City Controller at least one day prior to the commencement of the period for collecting the water tax; shall make daily returns of the amounts collected, giving in detail the name of the ward and person, the page and line of the duplicate, and the amount, duly certified, and shall also return a correct schedule of the amounts received for pipe or other claims, numerically arranged, according to the numbers of the claims for the same furnished by the Survey Department.

The Highway Department shall furnish to the City Controller a correct copy of the names of persons chargeable with sewer rents, licenses, or other claims, with the amounts in a book provided for that purpose; and shall certify monthly, on the first Monday in each month, the permits, licenses, &c., granted, and amount received during the month, with the name of each person; also, a certified schedule, monthly, of all other receipts, the sources from whence derived, with the name of each person, the purpose, and the amount separately stated. And shall also keep a correct account of the names of contractors and of the streets paved or repaired, with the date, together with the period of time they have contracted to keep the said streets in order, and furnish monthly a schedule of the same to the City Controller; and shall also furnish a copy of the pay-rolls from each supervisor, with the amount paid for labor, carting and hauling by each of them, and the rates per day. And no bill for repairs of said streets, within the period contracted to be kept in order, shall be approved by either the Chief Commissioner of Highways or allowed by the City Controller.

The Solicitor of the City shall keep in his Department a general lien docket for all the departments, to be filed and collected, in which shall be entered, in numerical order as returned by the several departments, all claims of whatsoever nature which may be due to the City of Philadelphia; preserving, however, the individual numbers as received from the several departments. He shall also furnish to the City Controller, on the first day of February, 1879, a correct schedule of all claims, numerically, that are due and unpaid

And he shall also make returns weekly, under oath or affirmation, to the City Controller of the amounts collected, crediting each department, in the numerical order as returned, with the amount received on each claim, together with the amount of interest and costs received on each, separately stated, and the date, page, term, and number of the court docket on which satisfaction was entered. He shall also make return to the City Controller, on the first Monday in each month, of all mandamuses directed to be paid or of road damages or other claims allowed, with the name of the plaintiff, the amount and purpose on which the judgment was obtained; also, specific returns of the amounts collected for any department or purpose not herein provided for; and certify to the City Controller the schedules of all claims and securities placed in his charge. He shall also make a return of all bills presented by the Sheriff, Coroner, District Attorney, and Clerk of the Sessions for fees or other charges, with an oath or affirmation that he has examined the records of the several offices, and found, by comparison, that the claims presented by those officers are correct.

The Fiscal Agent of the City shall furnish to the City Controller a duplicate of the interest book, upon which payments of interest are made, at least one day prior to the time of payment of said interest. And he shall return, at least weekly, a statement in detail of the amount paid to each person. The City Treasurer shall make returns, at least monthly, of all amounts paid to the State of Pennsylvania, stating in detail the amount paid for each subject of claim by the State, or to any other claimant, in pursuance of any law of the State. He shall also obtain from the proper officers of the State the nature and amount of any claim made in her behalf, and take the necessary steps, by appeal or otherwise, to modify, reduce, or prevent the imposition of any tax which the City is not liable for.

In the Department of City Controller shall be kept the duplicate and triplicate copies of the accounts as furnished by the several departments or officers hereinbefore mentioned, on which shall be entered the charges and credits as returned by the said departments, each separately. And

in the accounts of the City Controller's Department, the chief of each department shall be charged with the amounts placed in his charge for collection, and all fees and claims for work and labor done, or materials furnished by said department, and credited with the amounts paid and returned to the City Treasurer, and the amount handed to the City Solicitor for collection. But no allowance shall be admitted by the City Controller for claims which, from neglect to be filed in proper time, or prosecuted in the time prescribed by law, are lost to the City. Each chief of a department, however, being held responsible only for the loss through his own neglect, or the neglect of his agent, by the City so sustained. Nor shall the chief or agent in any department, or his sureties, be released until his accounts have been properly audited by the City Controller.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance respectfully report that they have considered certain ordinances and resolutions relative to the extension of sewers, and for the reasons contained in the report of the Sub-committee, hereto appended, submit the annexed ordinance to make an appropriation to the Department of Highways of the balances of loans for constructing sewers, created October 14, 1872, and July 13, 1875, and recommend its passage.

Philadelphia, December 3, 1878.

The Finance Committee of Select and Common
Councils of the City of Philadelphia.

GENTLEMEN :—Your Sub-committee, to whom was referred an ordinance and a resolution in reference to the extension of Lombard street sewer, and an ordinance in reference to the extension of Moore street sewer, with instructions to consider the condition of the various loans for the construction of sewers not yet expended, and of the several sewers not yet completed, having given the matter their careful attention, would respectfully report that there remains of the loan of \$600,000, approved October 14, 1872, by the Controller's report \$38,227.26, which will be further reduced by contracts not yet completed, approximating \$8,600 to \$29,627, or under and perhaps not more than \$28,000; and of the loan of \$500,000, approved July 13, 1875, there remains by the Controller's report \$74,109.48, which will be further reduced by outstanding contracts to about \$63,000, giving a total balance of about \$91,000 or a little over. The Norris street sewer, for which \$75,000 had been appropriated, is of too large a size and extensive to be even commenced on so small a sum. The Honey Run sewer, across Penn street, in the Twenty-second ward, of a length of 180 feet, is estimated to cost \$4,400, and is of imperative necessity. The Forty-eighth street sewer, from Oregon street to Lancaster avenue, in the Twenty-fourth Ward, is demanded as a sanitary measure—a length of 2160 feet would cost \$16,500. Lombard street sewer, from Fourth street west, is needed for the relief of the surrounding neighborhood long deprived of any sewer accommodation—a length of 4,500 feet would cost \$50,000. Moore street sewer, from the meadow bank to the Port Warden's line, would take away a nuisance from that part of the City—a length of 1,400 feet would cost \$44,000. The Thirteenth street sewer, from Morris to Reed street, a length of 1,300 feet, would cost \$3,000, and is demanded by the condition of the locality. The sewerage passing into the Schuylkill at Girard avenue can be diverted into Pennsylvania avenue sewer for the sum of \$5,000, and should be immediately kept from the City's water supply. The condition of Mill Creek sewer, from Baltimore avenue south, can no longer be

neglected, in view of the disease and sickness therefrom arising—an extension of 1,400 feet would cost \$81,200.

None of these larger sewers could, of course, be completed with the means at our disposal, but your Committee are of the opinion that the importance of all of them demand a proportionate outlay of the balances in the treasury, due these two loans under consideration, to the exclusion of any other sewers that have been brought to their attention, of which there were the extension of the Mill Creek sewer to the north, and Forty-sixth street sewer to the west to Spruce street, and Hart Creek sewer to Leamy street from Indiana avenue, costing in all over \$75,000.

Your Committee have apportioned the balances, amounting to \$91,000, between the sewers first named, as follows, trusting that the amounts set apart for each may carry some relief to the several sections of the City now suffering in this behalf: Honey Run sewer, \$4,500; Forty-eighth street sewer, \$8,000; Lombard street sewer, \$18,000; Moore street sewer, \$20,000; Thirteenth street sewer, \$3,000; Pennsylvania avenue sewer, \$5,000, and the balance to Mill Creek southward from Baltimore avenue; and report the annexed ordinance making "An appropriation to the Highway Department of the balances of loans for constructing sewers, approved October 14, 1872, and July 13, 1875," respectively, and ask its favorable consideration; and the recommendation of the General Committee to Councils.

Your Sub-committee asks to be discharged from the further consideration of the ordinance relating to repeal of limit of appropriation to Lombard street sewer, and return with their approval the resolution of instructions to the Chief Commissioner of Highways, and the ordinance relating to the extension of Moore street sewer, and ask that the same be adopted. Referred to therein and appended hereto are several communications of the Chief Engineer and Surveyor in reference to distribution.

S. DAVIS PAGE, *Ch'n*, HENRY GLASS,
WM. ARMSTRONG.

AN ORDINANCE

To make an appropriation to the Department of Highways of the balances of loans for constructing sewers, created October 14, 1872. and July 13, 1875.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the balances of loans for constructing sewers, created by ordinances approved October 14, 1872, and July 13, 1875, viz. : the sum of ninety-one thousand (91,000) dollars be, and the same is, hereby appropriated to the Department of Highways, as follows : For the extension of the Honey Run main sewer, four thousand five hundred (4,500) dollars ; for the extension of the Forty-eighth street main sewer, eight thousand (8,000) dollars ; for the extension of the Lombard street main sewer, twenty thousand (20,000) dollars ; for the extension of the Moore street main sewer, twenty thousand (20,000) dollars ; for the extension of the Thirteenth street main sewer, three thousand (3,000) dollars ; for the extension of the Pennsylvania avenue main sewer, five thousand (5,000) dollars ; and for the extension of the Mill Creek main sewer, southward from Baltimore avenue, the balance of the loans that may remain. And warrants shall be drawn by the Chief Commissioner of Highways in conformity with existing ordinances.

SECT. 2. That all ordinances or parts of ordinances inconsistent herewith be, and the same are, hereby repealed.

PHILADELPHIA COUNTY MEDICAL SOCIETY,

Philadelphia, July 1, 1878.

To the Select and Common Councils of
the City of Philadelphia.

GENTLEMEN :—At a meeting of the Philadelphia County Medical Society held April 29, 1878, the following memorial was adopted by the Society, and directed to be forwarded.

Very respectfully,

H. LEAMAN, M. D.,

Recording Secretary.

PHILADELPHIA COUNTY MEDICAL SOCIETY,

Philadelphia, July 1, 1878.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Philadelphia County Medical Society, representing the medical profession of this City, respectfully memorializes your honorable bodies :

That, in the experience of its individual members, diseases which are known to be caused by imperfect sewerage and drainage, are steadily on the increase in this City. That, in the opinion of those best qualified to judge from their knowledge of the details of the present system of sewerage, inaugurated when the City was comparatively small, and divided into numerous independent municipalities, it is inadequate to the requirements of a great metropolis.

That the time cannot be far distant when this system will need to be materially altered and remodelled, and

That the interests of the public health and of sound economy alike demand that no such step, involving as it must a considerable outlay, should be taken without a careful study of the comparative merits of the methods now in use in other great cities both abroad and at home.

In view of these important facts, the Society respectfully requests your honorable bodies to consider the expediency of appointing an expert in sanitary engineering, as a special commission from this City to the Capitals and other large cities of Europe, duly accredited by the municipal authorities with instructions to acquaint himself thoroughly with all the modes of sewerage and drainage now in use, together with the advantages and disadvantages of each, with all experiments which are in process of trial, and all plans proposed for the solution of this most difficult problem, and to report the results of his investigations within a year from the date of his appointment.

Bespeaking for the subject your enlightened consideration,
your memorialists will ever pray, etc.

By order of the Society.

HENRY H. SMITH, M. D.,
President.

HENRY LEAMAN, M. D.,
Secretary.

RESOLUTION

To discharge the Committee on Finance from the consideration of a memorial of the Philadelphia County Medical Society relative to imperfect sewerage and drainage.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Committee on Finance be discharged from the further consideration of a memorial from the Philadelphia County Medical Society relative to defective sewerage and drainage.

RESOLUTION

Of instruction to the City Treasurer, relative to the City's money.

Whereas, All the depositories of the City's money, with the exception of the Union National Bank, the Centennial National Bank, the People's Bank, and the City National Bank, have failed to respond to the subpœna issued under the hand of his Honor the Mayor of the City, and the Chairman of the Special Committee, to whom was referred a certain resolution instructing the City Solicitor to recover from the present City Treasurer, and his immediate predecessor in his said office, various moneys alleged to have been retained by them from the City, and appear by their proper officers before the Committee, as therein requested and required ;

And whereas, Such conduct is lacking in the respect due to the people of the City of Philadelphia, represented in these Councils ; therefore be it,

Resolved by the Select and Common Councils of the City of Philadelphia, That the City Treasurer be, and he is, hereby instructed and directed to withdraw the moneys of the City from all the various depositories of the money of the City, whose officers have not responded in person to the subpœna issued.

Resolved, That the Finance Committee be recommended to report an appropriation of \$750,000 to the Commissioners for the Erection of Public Buildings for the year 1879; *Pro-*

vided, The Commissioners agree to appropriate a sufficient amount thereof to fitting up for permanent occupation rooms for the following named Departments: Survey Department, Receiver of Taxes, Board of Revision of Taxes, and Markets and City Property, and that these rooms shall be ready for occupancy on or before January 1, 1880: *And further provided*, That the marble contractors and the Commissioners will first agree in writing to waive all right in law or equity during the year 1879, or for any previous years, for any sum beyond that appropriated by Councils.

OFFICE OF COMMISSIONERS OF PUBLIC BUILDINGS,
Philadelphia, December 16, 1878.

WM. S. REYBURN, Esq.,

Chairman Sub-committee, Finance Committee of Councils.

DEAR SIR:—At a meeting of the Commissioners held on the 14th inst., the communication of your Sub-committee advising of the adoption on the 13th inst. of the resolutions therein set forth, was read and considered, when the following resolution was adopted:

Resolved, That this Commission accepts the offer of seven hundred and fifty thousand dollars, and pledges itself that no more work shall be performed during the year than this amount will cover and pay for; and further, that rooms shall be allotted and fitted up for the use of the Departments named—Tax Offices, City Property and Markets, Survey, and Board of Revision of Taxes (upon Councils appropriating sufficient funds to fit up and furnish the same, not exceeding \$50,000).

The President of the Commissioners was instructed, in communicating this action of the Commissioners, to state that the Commissioners, in fixing the amount named in their requisition of 27th November, under the Act of Assembly of August 5th, 1870, upon Councils for the purposes of the Commission for the year 1879, did not include all that could be profitably expended during the coming year upon the work, but limited themselves to the sum necessary to accom-

plish what they had understood from the interviews with the Sub-committee of last year, and of which you were Chairman, to be the wish and desire of Councils, namely, to have the main structural portion of the buildings completed to the cornice of the second story all round, and which wish and desire, so far as the Commissioners had been advised, had not been modified or changed.

The President was further instructed to state that the resolution adopted by the Commissioners was with a desire that on their part there should be no appearance of any intention to disregard the condition of the City finances, and the importance to the citizens of not increasing their burdens of taxation beyond what necessity requires.

How much, and in what particular direction, can be accomplished by the sum named in the resolution must be determined by circumstances. The Commissioners are ready, as they have repeatedly stated to Councils since February, 1877, to provide accommodations for several of the Departments, including those specifically mentioned in the resolutions of your Sub-committee; but the character of those accommodations may be materially affected by the proposed reduction in the sum asked for the prosecution of the main structural features of the work. But for the sum of \$50,000, named in the resolution of the Commissioners above set forth, as in addition to the \$750,000, they will undertake to provide and furnish ample and commodious apartments for the Departments named.

Very respectfully,

SAM'L C. PERKINS,
President Commission.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance having had referred to them a message of his Honor the Mayor upon the subject of the Sinking Fund, accompanied by "An Ordinance requiring the cancellation of the loans now held by the Commissioners of the Sinking Fund," and having been instructed by you to consider the "Resolution of instruction to the Committee on Finance relative to the Sinking Funds of the City of Philadelphia," respectfully report that the whole subject of the Sinking Funds was considered by them as fully as the limited time at their command at a period of the year when the annual appropriation to the several Departments engross so much of their attention would permit. They secured through a Sub-committee the opinion of the City Solicitor (hereto appended) touching the legality of the proposed action, and in accordance therewith, and for the reasons therein so cogently stated, we report back the ordinance above referred to, with a negative recommendation, and ask to be discharged from its further consideration.

In view of the fact that the City Solicitor advises us that investments for certain of the Sinking Funds can be made in securities other than City sixes, and because we feel that in-

vestments in City sixes at the present market price (fifteen per cent. above par) renders our Sinking Fund scheme practically inoperative (said scheme being based upon a six per cent. investment at par, compounding the interest semi-annually), and that this condition of affairs demands additional legislation in the early future, we respectfully request that the subject of the more efficient investment for our Sinking Funds be recommitted to your Committee for further consideration.

RESOLUTION

To discharge the Committee on Finance from the further consideration of
 “An Ordinance requiring the cancellation of the loans now held by the Commissioners of the Sinking Fund.”

Resolved by the Select and Common Councils of the City of Philadelphia, That the Committee on Finance be discharged from the further consideration of the bill entitled “An Ordinance requiring the cancellation of the loans now held by the Commissioners of the Sinking Fund.”

TO JOHN McCULLOUGH, Esq.,

Chairman of Sub-committee of Finance.

MY DEAR SIR :—I have carefully considered the questions submitted to me by your Committee in relation to the legality of certain proposed legislation concerning the Sinking Funds.

The law governing the Sinking Funds and the City, in relation thereto, is substantially as follows :

By the thirty-eighth section of the Act of Assembly of February 2d, 1854, (Pamphlet Laws, page 41,) the debts of the various corporations, now composing the City of Philadelphia, were "consolidated and formed into one debt to be "called the debt of the City of Philadelphia."

It was also further thereby provided, that "There shall "be annually raised by tax in addition to the income of "the corporation property, a sufficient sum to discharge "the annual interest on the said consolidated City debt, and "*no debt shall be incurred or loans made by the said "City, without a contemporaneous appropriation of a sufficient annual income or tax, exclusive of loans, to pay the "interest and sink the principal of such debt in thirty years."*

In obedience to the directions of this Act of Assembly, for the purpose of providing a Sinking Fund for the then existing debt of the City, the Ordinance of January 29th, 1855, (vide Ordinance, 1855, page 32,) was passed. It ordains that "the real estate belonging to the City of Philadelphia which the said corporation are authorized or may be authorized to sell, without being required to appropriate the proceeds specially by the power allowing such sale: all stock in railroad, canal, plank road, or other corporations, and all mortgages owned by the same; and all moneys which belonged or were owing to the Sinking Funds of any of the corporations, which, by the Act of Assembly, approved February 2d, 1854, were consolidated into the Corporation of the City of Philadelphia, be, and they are, hereby pledged for the payment of the funded debt of the said corporation." And further as follows:

SECT. 2. Whenever any of the above described property shall be sold or the principal sum of any ground rent or mortgage paid off, the proceeds shall be, and are, hereby appropriated to a sinking fund; or to the payment of the funded debt of the said corporation; the income from the investments in the stocks in railroad and other corporations, shall not, by force of this ordinance, be applied to said fund, but form a part of the income of the corporation, applicable to the general expenses thereof.

SECT. 3. The City Treasurer shall annually carry to the credit of said Sinking Fund the sum of \$100,000, being one per centum on \$10,000,000, in quarterly portions, on the first day of January, April, July, and October.

SECT. 4. The said Treasurer shall, from time to time, invest the moneys hereby pledged and appropriated to the Sinking Fund in the loan of this corporation, and such investments and their accumulations shall be applied to the payment of the funded debt of this corporation, when and as any part thereof may mature, and to no other purpose. And whenever the said Treasurer shall make any such investment, he shall report the same to Councils, and exhibit to the Committee on Finance the evidence thereof, at their meeting next subsequent to the making of the same.

SECT. 5. Warrants for the payment of moneys from the Treasurer, for such investment, shall be drawn by the Mayor and countersigned by the Controller.

SECT. 6. All ordinances of the corporation of the Mayor, Aldermen, and citizens of Philadelphia, and of the municipal corporation, which, by the said Act of February 2, 1854, are consolidated into the corporation of the City of Philadelphia, relating to the establishment, increase, or management of sinking funds, be, and the same are, hereby repealed, except such ordinances as relate to trust estates.

A supplement to this ordinance was passed May 9, 1857 (vide ordinances 1857, page 188), ordaining that the "Mayor of the City, the City Solicitor, and the City Controller be, and the same are, hereby constituted and appointed Commissioners of the several Sinking Funds of the City of Philadelphia which now are or hereafter may be created." And further as follows :

SECT. 2. That all the real estate and personal property now belonging to the several sinking funds be, and they are, hereby vested in the said Commissioners, subject to the requirements of the several ordinances by which the said sinking funds were severally created.

SECT. 3. That the City Treasurer, for the time being, be, and he is, hereby appointed the custodian of all the deeds, titles, certificates of stock, evidences of property, and money belonging to the several sinking funds, subject to the directions of the said Commissioners, and under their instructions shall from time to time make investments of the moneys received for the several sinking funds in such stocks as are now or may be hereafter provided for by law.

SECT. 4. The duties of the said Commissioners shall be as follows :

First. To meet at the office of the City Treasurer on the first Monday of every month, and receive from the said City Treasurer a report of the amounts in his hands due to the said Sinking Funds, whether the same be from the receipt of taxes, or corporate income, or income from the investments of the said fund.

Second. To cause the City Treasurer to invest all such amounts so received by them without delay in the purchase of the funded debt of this corporation, and the investments so made shall be in the joint official names of the said Commissioners, describing them as such.

Third. To report their proceedings and the state of the fund in their charge to the Councils, quarterly, and whenever required to do so by the said Councils.

Fourth. To keep minutes of their proceedings and the transaction of their business, and cause the same to be recorded in a book to be kept for that purpose.

SECT. 5. That at the first meeting after the passage hereof the City Treasurer shall deliver to the said Commissioners the certificates, evidences of debt, and other property, now comprising the said Sinking Fund, and the same shall be transferred to the said Commissioners in the names hereinbefore described, and be hereafter held by them for the same purposes and interests for which they were originally invested or acquired.

A further supplement to the ordinance of January 29, 1855, was passed June 19, 1857 (vide ordinances 1857, page 225), whereby it was ordained, as follows:

SECTION 1. "That so much of the said ordinance of May 9, 1857, to which this ordinance is supplementary, as provides that the City Solicitor shall be one of the Commissioners of the Sinking Fund, be, and the same is, hereby repealed.

SECTION 2. "The Select and Common Councils of the City of Philadelphia shall, at a stated meeting in June of this year, 1857, and annually thereafter in July, and whenever a vacancy in the office of the Commissioner hereinafter provided to be elected shall occur by death, resignation, or otherwise, elect by viva voce in joint meeting a Commissioner of the Sinking Funds, who, together with the Mayor of the City and the City Controller, shall be Commissioner of the several Sinking Funds of the City of Philadelphia, and invested with all the rights and powers, and subject to all the duties and provisions of the said ordinance of May 9, 1857, to which this ordinance is supplementary. The Commissioner so to be elected, as aforesaid, shall hold his office until his successor be duly elected, unless sooner removed by resolution of Councils."

On the fifth day of December, 1859, (vide ordinance 1859, 391,) Councils passed a resolution, "That all moneys belonging to the Sinking Funds of the City of Philadelphia shall, under the instructions of the Commissioners of the Sinking Funds, be deposited by the City Treasurer separate and apart from all other moneys in his hands, in such city bank as shall be designated by the Commissioners of the Sinking Funds, and that the said moneys shall be used only for the purposes of the trust to which they belong."

The Controller has furnished me with the following certified list of the different loans, and the state of their respective Sinking Funds on the second day of December A. D., 1878.

Funded debt November 1, 1878.....			\$61,099,241 70	

For each of the above loans there is a separate Sinking Fund, as appears by the above statement.

There is further a general Sinking Fund for the various debts existing at the time of consolidation, made up as is prescribed by the ordinance of January 29, 1855, hereinabove cited. The balance of this debt remaining unpaid at the present time, is certified by the Controller to be \$6,086,341.70.

Upon a careful examination of each of the above cited ordinances authorizing loans with a view to discover the distinctive engagements thereby respectively cast upon the City, I find as follows:

In the ordinances of January 24, 1855, May 8, 1855, and December 7, 1855, which authorized the Loan No. 1 in the above list, there is contained the following provision: "Section 4. Whenever the said sum shall be borrowed, or the certificates issued, there shall be, by force of this ordinance, annually appropriated out of the income of the corporation estates, and from the sums raised by taxation, a sum sufficient in amount to pay the interest on said loans; and the further sum of *one-fourth of one per centum* on the par value of the loan created and issued by virtue hereof shall be appropriated, *quarterly*, out of the said income and taxes to a Sinking Fund, which fund and its accumulations are hereby specifically pledged to the repayment of the said loan."

The ordinances of January 29, 1855, and August 23, 1855, which authorize Loans No. 2 and No. 3, contain the same provision.

The ordinance of December 11, 1855, authorizing Loan No. 4, ordains as follows: "Section 2. Whenever any loan shall be made by virtue hereof, there shall be, by force of this ordinance, annually appropriated out of the income of the corporate estates, and from the sums raised by taxation, a sum sufficient to pay the interest on said certificates; and the further sum of *three-tenths of one per centum* on the par value of such certificates so issued shall be appropriated, *quarterly*, out of said income and

“taxes to a Sinking Fund, which fund and its accumulations are hereby specifically pledged for the redemption and payment of said certificates.”

Every other ordinance authorizing a loan excepting those relating to loans on account of the Gas Works, contains this provision, for the appropriation, quarterly, of *three-tenths of one per cent.* per annum on the loan to a Sinking Fund which *fund and its accumulations* are pledged for repayment of the moneys about to be then borrowed.

The ordinances in relation to the various Gas Loans require the trustees thereof to retain out of their receipts one per cent. of the loan semi-annually, which is directed to be paid over to the Commissioners of the Sinking Fund, who shall invest the same and its accumulations in the loans to the said Gas Works, or in the other loans of the City of Philadelphia, as a Sinking Fund, which is hereby specifically pledged to the repayment of said loan, and any surplus remaining after the payment of said loan, shall be applied by the Commissioners of the Sinking Fund towards the extinguishment of the other loans of said Gas Works, if any, otherwise of the funded debt of the City of Philadelphia.”

The Gas Loans in the above list are numbered 10, 15, 25, 38, 39, 44, and 56.

The ordinance of December 11, 1855, contains further, the following special provisions:

“SECT. 3. The faith of the City of Philadelphia is hereby pledged to her creditors that a tax for the year eighteen hundred and fifty-six shall be levied on the real estate within the bounds of the same, valued according to the assessment thereof in the year eighteen hundred and fifty-five, at the rate of seven and a-half mills on the dollar, to be designated as a loan tax, and annually thereafter that a sufficient tax, under the like designation, in each and every year, on the said real estate, according to the then assessed value thereof, shall likewise be levied for the purpose of paying the interest, and within thirty years from the date hereof, the principal of the public debt of the City, and to

“continue until the principal of the said debt shall be extinguished, and no longer; and the said tax shall cover and secure all the appropriations made in the several ordinances existing at the time of the said levy, creating sinking funds for the redemption of all loans, as well as cover and pay the interest on said loans. Said tax shall be included as an item, under a separate head, in the entire City and County tax to be levied in each year as aforesaid, and the Receiver of Taxes, as the taxes for each year are collected and received by him, shall hand over to the City Treasurer, together with the money received by the said Receiver, a statement of the amount of loan tax aforesaid, included in every such payment to the Treasurer; and the said Treasurer shall forthwith pass such proportionate amount to a separate account, to be called the ‘City Debt Account,’ and the money included in the said account shall not be applied under any pretence to the payment of any claim, or to any purpose or object, other than the interest; and after that is discharged, the principal of the public debt of the City, as is hereinbefore set forth, and any encroachment on the said fund for any other purpose or object than as aforesaid, shall be a misdemeanor in office on the part of said City Treasurer.”

The question submitted to me arises upon a resolution of Councils, instructing the Committee on Finance to confer with the Commissioners of the Sinking Fund, “relative to the investments required for the said Fund,” and is, practically, whether the Sinking Fund can be invested otherwise than in City loans. In the absence of any legislative provision, this depends upon the language of the ordinances authorizing the loans, the ordinances entering into, and forming part of the contract between the City and her creditors.

It will be seen, by reference to the ordinance of January 29, 1855, above cited, which creates the Sinking Fund, of what is known, in the Controller’s accounts, as the \$10,000,000 loan, that the moneys thereby pledged to said Fund are directed to be invested in the “loan of this corporation.” The question, in so far as it affects this Sinking Fund, is one of comparatively little importance. The loan is the oldest debt the City owes, is rapidly maturing, and will soon

disappear. The debt, however, represented by it existed prior to the passage of the ordinance creating its Sinking Fund. The loan was all held by persons who could not, in any way, have been induced to act by the provisions in relation to investments. But since subsequent purchasers of the loan, present holders thereof, might aver that they were thereby induced to invest, I have sufficient doubt upon the question, to advise that the investments thereof be made as heretofore.

Not a word is said concerning investments in any ordinance authorizing a loan, excepting in those which authorize the various gas loans. But the ordinance of May 9, 1857, above cited, which constitutes the Commissioners of the Sinking Fund, ordains that the City Treasurer, under instructions from the Commissioners, shall "make investments of the moneys received for the several Sinking Funds in such stocks as ARE NOW OR MAY HEREAFTER BE PROVIDED FOR BY LAW."

The Commissioners, by a subsequent clause in the ordinance, are directed "to cause the City Treasurer to invest all such amounts so received by them without delay in the purchase of the funded debt of this corporation." The Commissioners must direct the investments to be so made, until Councils shall by law provide for some other species of investment. I am of opinion that by the use of the words "*stocks as are now or may hereafter be provided for by law*," Councils gave notice to all takers of the loan, and subsequent holders thereof, that they reserved the right to change the mode of investment of the moneys of the Sinking Fund.

But it must be remembered in this connection, that Section 22d of the 3d Article of the New Constitution declares, that "No Act of the General Assembly shall authorize the investment of trust funds, by executors, administrators, guardians, or other trustees in the bonds or stock of any private corporation, and such Acts now existing are avoided, saving investments heretofore made." So that Councils are limited to the legal investments made by ordinary trustees, such as Bond and Mortgage, United States and State and City Loans.

Councils are further limited in their control over the Sinking Fund by the Act of May 13, 1857 (Pamphlet-laws, page 489), which directs "That the *investments* which *now* or *hereafter* may form a part of the Sinking Fund of the said City shall not be sold except for money, nor exchanged except for the loan of the said City; and in case of such sale or exchange, the proceeds thereof shall be applied exclusively to the Sinking Fund of said City, or to the extinguishment of its funded debt."

I have also carefully considered the two proposed ordinances, submitted to me in regard to the Sinking Fund.

The first has for its object the saving to the City of the payment of nearly a million dollars per annum. It proposes to "cancel all the certificates of the loan of the City now held by the Commissioners of the Sinking Fund." Thus cutting off the interest thereof by extinguishing the debt. It is, however, clearly unlawful, since every ordinance of loan provides that the Sinking Fund and its *accumulations* are specifically thereby *pledged* for the payment of the loan. It must not be forgotten that the City loan, held in the various Sinking Funds, is held simply as investments thereof, and that the fruits of these investments, their interest, belong to the various Funds, and are pledged to the City's creditors.

There is further reason for this view, lying in the fact that the payment each year to each Sinking Fund is of such an amount that, with its interest at six per cent., compounded semi-annually, for thirty years, it will barely pay the debt. The provision of this act was evidently intended to comply with that section of the Consolidation Act which decreed that "no debt shall be incurred or loans made by the said City without a contemporaneous appropriation of a sufficient annual income or tax, exclusive of loans, to pay the interest and *sink* the *principal* of such debt in *thirty years*." So that any action on the part of the City, intended to take from a Sinking Fund the interest of any of its investments, would be a violation of the above cited law.

The second ordinance is very ingeniously drawn, and is intended to accomplish two purposes, both of which, in them-

selves, are very laudable. One is to provide another means of investment for the Sinking Fund, the other to fund the City's floating debt. The effect of the ordinance, if passed, would be to use the Sinking Fund for the purchase of City warrants, and instead of a payment to the Commissioners of cash, there will be handed to them certificates of indebtedness. This was certainly never contemplated by the law; the various City Loans, in which the Commissioners have their present investments are protected and strengthened by Sinking Funds; the certificates of indebtedness proposed have no such addition. It is unlawful to create a debt without such safeguard.

The ordinance diverts money solemnly pledged to one purpose, to another. It confesses its purpose by the provision that sections 2, 3, and 4 shall remain in effect only so long as the Treasurer is unable, by reason of want of funds, to pay warrants on demand. It is a virtual borrowing from the Sinking Fund to pay current expenses, and, therefore, in derogation of the rights of loan holders.

Very respectfully,

your obedient servant,

WM. NELSON WEST,

City Solicitor.
